Months of the year

July

August

September

October

November

December

Cut the months of the year out. Put them in order and recite them together, pointing to each month as you say it.

Lay them out, mixed up and use them to do these activities.

1. Pick up the month that says December. What do you do in December?
2. Pick up the month that says July.
3. Pick up the month that today is in.
4. Pick up the two months that are in the winter.
5. Pick up the month that was last month.
6. Pick up your favourite month of the year.
7. Pick up the months that start with the letter j.
8. Put all the months of the year in order.
9. Pick up the month that your birthday is in.
10. Pick up the summer months.

And so on...

Use the months of the year that you have cut out to answer these questions.

1. How many months are there?

2. Which months start with M?

3. Which months are in the winter?

4. How many months begin with the letter A?

5. Which month comes after May?

6. Which month comes before March?

7. Which month comes after December?

Can you sort out the letters so that they spell the months of the year?

aym

.....

nuje

.....

eeecdrbm

.....

yluj

.....

charm

.....

lapir

.....

staguu

.....

Try to put a capital letter at the start of each month.
